Regional Technology Education & Engineering competition brings students and industry together!

Five area high schools participated in a competition in cabinetry, small engines and welding hosted by the Plumbers and Pipefitters local 23 Union Hall. Industry experts served as Judges & interacted with students.

Auburn EMITT students create the Mario Cart Pedal Car

Over a dozen students and Instructor, Jason Andrews, had the opportunity to showcase their pedal car in Chicago! The car was created by using skills such as welding and finishing, 3D printing, design and production & of course creativity!

Great Job Everyone!

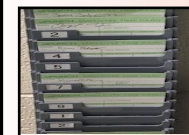

Auto Advisory Highlights Students

Belvidere North Instructor, Rob Arata, not only hosted but invited capstone students Kyle, Ryan and DJ to share their projects with business partners at the Auto advisory. Partners present were impressed with the students' knowledge and skills. Students are required to punch in and fill out time cards each day as they get ready to "work" on projects and earn certifications.
