Harlem HS Culinary Students Certify

12 Harlem High School students earned their Servsafe Managers Food Safety certifications. The number of certifications earned this year doubled from last year! This certification, in addition to the food handlers certification, is highly looked upon and very helpful when obtaining a job in the culinary industry. We're proud of our students and instructors for all their hard work!

Military Signing at Jefferson HS

16 Jefferson High School Students have chosen the Military as their post secondary career path! The military signing was held in May and represents the following branches:

Marines, (2), Army, & Reserves, (9), National Guard, (4) and Airforce, (1).

We'd like to thank these students for their service!

Police Explorer Program

In conjunction with the Boy Scouts, the Winnebago County Sheriff's office seeks high school students to join their Explorer Program. NOTE: a \$33.00 fee is charged and used for insurance costs. For more information contact Sgt. Tammie Stanley, StanleyT@WSCO-IL.us.

Internships and Jobs at all Levels!

CEANCI and area business partners have been hard at work on behalf of the High School students we serve! If you're a unite! partner or *any* business partner who works with CEANCI you know we'll get the word out about anything work experience or jobs! This year we have successfully placed 17 students in various positions; 4 jobs in industry representing Ag, Manufacturing and Automotive; Boone County Conservation District, Header Die and Tool & Tuffy Automotive; Internships- YMCA Intern Challenge, Workforce Connection's youth program, Carz R'Us, Circle of Wellness, Midway Village, and Rockford Park District. Thank you Everyone! **Want to learn more? Contact Beth Mead, b.mead@rockvalleycollege.edu**

Byron Early Childhood Education Students Intern at Mary Morgan Elementary School

Instructor, Susan Freyer of Byron HS runs a robust ECE unit! As part of the curriculum students are expected to run the child care play school program, an actual daycare in the school. After students have had a chance to run the HS daycare they are then assigned their own classroom at the elementary school where they display and use their

skills, and are given the opportunity to teach elementary students for 2 weeks! These learning experiences prepare them for the workforce~
